

JN Medsys is one of the first to pioneer digital PCR in Asia. Over 10 years of research and manufacturing, we are now bringing digital PCR services to you!

Advantages of Clarity™ digital PCR:

- Absolute Quantification
- Superior Accuracy
- High Precision
- Minimum Sample Loss
- Fast Turn-around Time
- Ability to design your own assay

Services included but not limited to:

- Cell-free nucleic acid analysis
- Quantification reference materials
- Copy number variant analysis
- Bacterial/Viral load quantification
- NGS applications
- SNP quantification
- Digital PCR assay customization
